Re: Perfect Walk-in Bath Tubs

Dear Brian:

Thank you for making my partner and I realize the value and wisdom of you new concept at the Home Idea Center. We are more than pleased with our results and the doors have not even opened yet.

We did not expect to have any results until your Grand Opening, however, your willingness to allow our customers to visit your showroom and see our unique product has increased our sales over 40 percent.

As you are aware, we cannot take our tubs into the home and your venue has allowed our customers the opportunity to accurately see, touch and experience our products. Also your showroom has allowed us to demonstrate our product in a manner that our competition cannot. Hands down, we have an edge and already we have made our year which is totally unheard of in this troubled market. In these uncertain times, it is my job in the company to watch every dollar, and truly believe your Home Idea Center makes our decision to be sound and right on target.

We are already looking into other areas of the country that offer your concept so we can further expand our business.

Sincerely,

Dale Bradshaw
